Beef Quality Assurance

Certification and Recertification

Certification programs are used to validate an individual's knowledge, skills, and abilities in a specific area. These programs allow individuals to stay up to date with the latest technologies, methodologies, and best practices.

Beef and dairy producers who need to become BQA certified or renew an existing certification may do so at the following times. Certification or recertification is free of cost. No preregistration is required.

In case of locations changes due to weather and other information, follow our Facebook page: Ohio State - Crawford County and Unger Research Farm.

For more information contact Kendra Rose at rose.1919@osu.edu or call (419)562-8731
