

Dear 4-H Families,

Thank you for your continued patience as we navigate through this unprecedented time! As promised, I wanted to provide you some answers regarding project books. Please understand that this is a fluid plan and it definitely is not what we are used to. **Our goal is to still provide youth with meaningful learning experiences regardless of changes that may still come.** All 4-H projects, including livestock, **WILL** have some type of judging this year; it just might not be done in the traditional way.

Each year our county is lucky enough to get their project books paid for by local book sponsors; the county office covers the excess. **If you have not yet this year, please take a moment to thank our book sponsors for their years of support!** Sponsor information on page 5 of this document.

Due to COVID-19 and the stay at home order, we cannot allow parents, advisors, county staff, etc. to distribute project books as we would in the past. It is unknown at this time when the OSU Extension office will be back in normal operation and we need to ensure that youth receive ample time to complete their projects. **For 2020, we are asking that each individual 4-H family order their own books on the Extension Publications website or print a book at home.** In return for the additional cost to families, the **OSU Extension Office will be waiving the \$9.00 county dues for ALL 4-H Members (including cloverbuds)** and book sponsor money will go towards office dues.
